

VENUE-ELIOR

SOUTHWARK CATHEDRAL

Next to London Bridge and at the heart of regenerated Bankside the rooms offer unrestricted views of the Thames and the City - yet they are perfect for quiet, concentrated reflection and strategic planning.

The Cathedral is used by many thousands of people each year and is the setting for a wide variety of services and other events.

A fabulous contemporary and centrally located venue.

Close to London Bridge Station, your conference will take place in what seems another world amidst light oak and polished Portland stone and an energising sense of openness.

The Garry Weston Library is an ideal reception or conference space. Whilst the Library has dramatic arches inspired by the Gothic architecture in the Cathedral and a magnificent oriel window depicts the Cathedral's history.

The Chapter Room also on the first floor and has a superb river view. The Edward Charles Boorman Room and the Desmond Tutu Room are suitable for smaller meetings, training sessions and private dining.

The Chapter Room together with these two rooms make ideal break-out spaces for plenary sessions in the Library. The Millennium Courtyard is a unique setting for a marquee reception.
