HAMPTON COURT PALACE

Once home to King Henry VIII and some of his many wives, Hampton Court is today considered the greatest palace in Britain. Situated by the river Thames, this Tudor palace offers a unique experience of the life of the English monarchy in the 16th century. (Scotland & England had separate Monarchies until James VI of Scotland/ James I of England).

Over the centuries this palace has hosted some of the most lavish celebrations ever seen, confirming Hampton Court and its gardens as a magnificent setting for any event. A world class, aesthetically stunning and prestigious venue.

Take advantage of an idyllic riverside location and our knowledgeable events team who will be delighted to create a bespoke package to suit your specific needs. Catering services are provided by Digby Trout Restaurants - famed for their attention to detail and standards of service.

For both large and smaller events, we provide excellent service that will help you in the early planning stages through to the end of your event making an unforgettable function or event for all. Below are three of the finest, most elegant spaces available for hire...

The Garden Room

This flexible space allows a variety of set-ups for conferences, with the palace as the magnificent backdrop. Combine day conferencing with a dinner or reception in the palace. The Garden Room is also the only event space within the palace grounds able to host dancing - so it is a popular space for wedding receptions.

The Great Hall

Henry VIII's court sat down to dinner here, daily, in two shifts, beneath the magnificent timber roof decorated with badges showing the initials of Henry and his beloved Anne Boleyn.

The Banqueting House

Designed for cool and pleasant evening entertainments, the Banqueting House today is still decorated with original wall and ceiling paintings of God and Goddesses by Antonio Verrio.
